

# Supervisory Switches

## OSYSU-1 & 2

### Outside Screw & Yoke Valve Supervisory Switch

- NEMA 6P (Submersible)
- Factory installed neoprene gasket
- OSYSU-1: One set of SPDT (Form C)
- OSYSU-2: Two sets of SPDT (Form C)
- Fits 1/2"-12" valves
- Adjustable stainless steel trip rod cuts installation time by 75%
- Mounting nuts with captive washers reduces installation time
- Installs on OS&Y valves in any position
- 5-year warranty
- Listings: UL, cUL CSFM, FM, NYMEA, and CE

The serrated surface of the mounting bracket helps prevent the device from slipping while tightening the carriage bolts.

The length of the trip lever can be easily adjusted by simply loosening the trip lever screw

The white indicator visible through a window aids in initially locating the switch on the valve yoke.

Final adjustment can be made by loosening the mounting screws and using the fine adjustment feature.
